To: Admin of Melioidosis Research Coordination Network (RCN)

On behalf of my institution, I want to note that my institution would like to be described on www.melioidosis.info with that we can support other people outside of my own institution as following.

List of possible supports.

- B. pseudomallei identification: **[Yes]**
- Isolate or specimen storage: **[Yes]**
- Research collaboration: **[Yes]**
- Biosafety guidance: **[No]**
- Reporting human cases (this will be automatically turn "Yes" only after admin received the data that can be displayed on the website)

I totally aware that cost of the support is up to the discussion from my own institution and those who seek the supports.

I want the following note to be display on the website under the list of possible supports (maximum 250 characters)

Assist with identification of suspect strains of B. pseudomallei using latex agglutination and PCR for LPxO and YLF/BTFC, perform IHA test to detect and measure the titre of antibodies. Advice clinicians on the antibiotic management of melioidosis.

Sincerely,

Dr Enoka Corea
