On behalf of my institution, I want to note that my institution would like to be described on [www.melioidosis.info](http://www.melioidosis.info) with that we can support other people outside of my own institution as following.

List of possible supports

- B. pseudomallei identification: [No]
- Isolate or specimen storage: [No]
- Research collaboration: [No]
- Biosafety guidance: [No]
- Reporting human cases: [Yes]

I totally aware that cost of the support is up to the discussion from my own institution and those who seek the supports.

Sincerely,

Poonsri Sirichotiratana
