<please edit or adjust as you see fit>

I would like to report that, in Nakhon Phanom Province

From 2012-2016, we found culture-confirmed melioidosis cases and **mortality** of them as following

Year	Nakhon Phanom	
	Morbidity	Mortality
2007	90	26
2008	130	48
2009	110	23
2010	96	Unknown
2011	93	Unknown
2012	111	Unknown
2013	122	54
2014	104	55
2015	126	Unknown
2016	153	Unknown

<please feel free to report more years if you would like. If you don't know the number of deaths; please just say "unknown">

Mortality reported included Died and Not improved (discharge against advice) outcomes.

I am happy to be the contact person about melioidosis cases at the hospital.

Sincerely,

Toni Whistler

On behalf of my institution, I want to note that my institution would like to be described on www.melioidosis.info with **that we can support other people outside of my own institution as following.**

List of possible supports

- *B. pseudomallei* identification: **[Yes]**
- Isolate or specimen storage: **[Yes]**
- Research collaboration: **[Yes]**
- Biosafety guidance: **[Yes]**
- Reporting human cases (*this will be automatically turn "yes" only after admin received the data that can be displayed on the website*)

I totally aware that cost of the support is up to the discussion from my own institution and those who seek the supports.

I want the following note to be display on the website under the list of possible supports (maximum 500 characters)

Open to discussions regarding collaborations and support that can be provided

Sincerely,

Toni Whistler
